BALINT SPRING DAYS
Caen Council meeting IBF
MAI 2025

Dear Colleagues,

This is to welcome you to Balint Spring Days in Caen, joined with an IBF Council meeting. Caen, and Bayeux cities in Normandie are known to have hosted famous and meaningful moments of European history, which you can revisit in a famous memorial calling for peace, an epic tapestry as well as the D Day beaches.
Bearing that in mind, we will invite you to gather and reflect upon the following theme :

"Liberation and remembrance in Balint groups".
What liberation are we looking for in a Balint group ?

How may the remembrance process lead to a change of perspective, values, or holding capacity?

Waiting for the chance to welcome you and exchange with you

For the organizing community :
Dr Isabelle Nouet Martinot,
Dr Pierre André Couette
M. Jacob Benarosch
Dr Rose Marie Dautry
Dr Nicolas Juskewycz
